5. QHSE (QUALITY, HEALTH, SAFETY & ENVIRONMENT)

QUALITY – "BUILDING IT ONCE AND BUILDING IT RIGHT"

"Building it once and Building It Right" is a philosophy adopted by all employees at PEC. PEC's quality management program, lead under the QHSE Manager, has been developed and perfected to ensure a commitment to quality. Our commitment to quality and the results of our quality management program are apparent to all employees, clients, design partners and trade contractors.

ENVIRONMENT – OUR LAND, OUR RESPONSIBILITY

Committed to a strong set of environmental principles, it is our policy to minimize the impact that may be associated with any of our activities. We invest in new technologies that rely less on non-renewable resources. Our Research & Development wing is constantly working on how to minimize environmental impact either by technological advancements or even by our improving our waste management systems.

6. Services Offered

- Road Construction (Flexible & Rigid Pavements)
- Road Rehabilitation & Maintenance
- Earthwork & Site Development
- Asphalt Works
- Subgrade, Sub-base & Base Course Works
- Drainage & Culvert Construction
- Kerb, Footpath & Road Furniture Installation
- Tuff paver, sewerage, pcc

7. Technical Capability

Pyramid Engineering and Construction follows approved drawings, specifications, and quality control procedures. Our technical team includes experienced engineers, supervisors, and skilled labor capable of executing projects as per government and departmental standards.

8. Machinery & Equipment

- Excavators
- Road Rollers (Vibratory & Static)
- Dump Trucks / Trolleys
- Concrete Mixers
- Water Bowsers

9. Experience & Capability

Our company has experience in executing small to medium-scale road and civil works projects, including rural and urban roads. We are capable of handling government tenders with efficiency and compliance.

10. Commitment

Pyramid Engineering & Construction is committed to delivering projects that meet technical specifications, quality standards, and client expectations, contributing positively to national infrastructure development.
